“Our Rates & Service Charges” explains current terms, rates and service charges applicable to the savings, checking and certificate accounts we offer. We may offer other rates and require other service charges or amend the rates and service charges, as explained in this disclosure, from time to time. Each owner on an account agrees to the terms described in this disclosure and acknowledges that it is a part of the Member Service Agreement (MSA).

2 year	.25%	.25%					
3 year	.50%	.50%					

Explanation of Rates & Service Charges

Except as specifically described, the following disclosures apply to all of the accounts.

Savings and Club accounts earn dividends. Priority Checking accounts and certificate accounts earn interest.

1. Rate Information

The Dividend Rate or Interest Rate and Annual Percentage Yield on the accounts you have with us are indicated above. For all accounts except certificates, the Dividend Rate or Interest Rate and Annual Percentage Yield may change at any time as determined by the Board of Directors. The Dividend Rate or Interest Rates and Annual Percentage Yields are the prospective rates as of the effective date shown above. For Certificate Accounts, the Interest Rate and Annual Percentage Yield are fixed and will be in effect for the term of the account. For Certificate accounts, the Annual Percentage Yield is based on an assumption that interest will remain on deposit until maturity. A withdrawal of interest will reduce earnings.

2. Nature of Dividends

For dividend bearing accounts, dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period.

3. Compounding and Crediting

Dividends or Interest will be compounded and credited as indicated above. For dividend bearing accounts, the Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period.

4. Accrual of Dividends/Interest

Dividends or Interest will begin to accrue on noncash deposits (e.g., checks) on the business day you make the deposit to the account. If you close the account before accrued dividends or interest are credited, accrued dividends or interest will not be paid.

5. Balance Information

The minimum balance required to open each account and earn the stated Annual Percentage Yield is indicated above. If you do not maintain the minimum balance, you will not earn the stated Annual Percentage Yield. For all dividend and interest bearing accounts, dividends and interest are calculated by using the Average Daily Balance method, which applies a periodic rate to the average daily balance in the account for the period. The average daily balance is calculated by adding the full amount of principal in the account for each day of the period and dividing that figure by the number of days in the period.

6. Certificate Account Features

a. Account Limitations

After you start the account, you may not make additional deposits to a Certificate Account.

b. Maturity

The Certificate Account you have with us will mature on the maturity date identified on your Account Receipt or Renewal Notice.

c. Early Withdrawal Penalty

We may impose a penalty if you withdraw any of the principal of the Certificate Account before the maturity date.

1) Amount of Penalty. The amount of the early withdrawal penalty is the greater of \$25.00 or the amount of interest that would be paid on the amount withdrawn, over half the remaining term of the deposit.

2) How the Penalty Works. The penalty is calculated as a forfeiture of part of the interest that has been or would be earned at the nominal interest rate on the account. It applies whether or not the interest has been earned. In other words, if the account has not yet earned enough interest or if the interest has already been paid, the penalty will be deducted from the principal.

3) Exceptions to Early Withdrawal Penalties. At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances: when an account owner dies or is determined legally incompetent by a court or other body of competent jurisdiction.

d. Renewal Policy

Certificate Accounts are automatically renewable accounts. Automatically renewable accounts will renew for another term upon maturity. You have a grace period of seven (7) days after maturity in which to withdraw funds in the account without being charged an early withdrawal penalty. If we no longer offer that type or term of certificate, we will transfer the balance to the primary share savings account you have with us.

e. Nontransferable/Nonnegotiable

The account(s) you have with us is/are nontransferable and nonnegotiable. This means that an account and the funds in the account may not be pledged to secure any obligation of an owner, except obligations with the Credit Union.
